## **INTRODUCTION**

This document is part of the Synchronous Area Operational Agreement for the Synchronous Area CE as defined in SO GL Article 118.

This Policy describes additional requirements for the data exchange phase seen as complementary to the requirements set up in the SO GL and in the Key Organisational Requirements, Roles and Responsibilities (KORRR) developed pursuant to Article 40(6) of the SO GL 2018 European and approved by all EU regulatory authorities on 18<sup>th</sup> December 2018. The KORRR includes organisational requirements, roles and responsibilities for data exchange regarding Article 40 of SO GL.

## **A METHODOLOGIES, CONDITIONS AND VALUES SUBJECT TO ALL REGULATORY AUTHORITIES APPROVAL**

The following section includes all methodologies, conditions and values jointly developed by all TSOs from the CE SA according to Article 118 and which are subject to approval by all regulatory authorities according to Article 6(3) of the Guideline on electricity system operation (SO GL).

### **A-1 KORRR**

The SAFA-Parties agree that the document “Key Organizational Requirements, Roles and Responsibilities” (KORRR) that has been approved by all TSOs according to Article 5 SO GL on 9<sup>th</sup> October 2018 and approved by the competent regulatory authorities on 18<sup>th</sup> December 2018 is accepted by all Parties.

## **B METHODOLOGIES, CONDITIONS AND VALUES SUBJECT TO APPROVAL BY ALL TSOS**

The Parties acknowledge that at the moment of entry into force of the Agreement there is no obligation arising from the applicable legislation according to Article 2.1 of the SAFA to include Part B within the subject scope of the Policy on Data Exchange.

## **C METHODOLOGIES, CONDITIONS AND VALUES AGREED AMONG THE PARTIES**

The following section includes all methodologies, conditions and values which are jointly developed and agreed among the Parties who are members of the RG CE.

Currently, there are no methodologies, conditions or values defined under part C of this Policy.
