

All TSOs Decisions – Written Voting Procedure on the scenario definition and scenario description for the year 2021 for CGM creation in accordance with Article 65 of the Commission Regulation (EU) 2017/1485 of 2 August 2017

Date: 09 July 2020

Procedure: via written voting procedure

Approved decisions

- All TSOs approve the "All TSOs' scenario definition and scenario description for the year 2021 CGM creation (in accordance with Article 65 of the Commission Regulation (EU) 2017/1485 of 2 August 2017 establishing a guideline on electricity transmission system operation" report, subject to final proposed corrections and consistency check.
- All TSOs ask ENTSO-E Secretariat to publish the abovementioned report on the ENTSO-E website by latest 15 July 2020.

Participation

The proposal takes into account the TSOs from the European Union Member States (EU MSs) bound by the SO GL Regulation is as follows:

- **27** of the EU MSs TSOs bound by the SO GL Regulation cast their vote (out of **38** TSOs in total).

The participation requirement provided in the SO GL Regulation for the proposal is therefore complied with, however the noted "absences" have had a negative impact on the majorities achievement.

In addition, **5** TSOs from non-EU countries, members of ENTSO-E, cast their vote.

Voting results - Majorities

27 EU TSOs votes were casted in favour of the decision;
5 non-EU TSOs votes were casted in favour of the decision;
0 vote was casted as abstention;
0 votes were casted against the decision;
5 EU TSOs did not cast their votes or cast them after the deadline

In order for the decision to be adopted, unanimity should be the first goal. Alternatively, an approval by a qualified majority is necessary in accordance with the All TSOs Voting Process and the SO GL

Regulation (55% of first part of voting power, i.e. number of Member States, and 65% of second part, i.e. Member States' population).

The majority requirement was reached as follows:

- formal voting 86,80 % of first part of voting powers and 94,52 % of second part;
- informal voting 83,90 % for the first part and 94,18 % of the second part of the voting powers.

The above decision has therefore been approved by **ALL TSOs on 09 July 2020.**
